

How to Log In to GO Math from Home:

You have to log in to Go Math through the **Douglas County School System Campus Portal Link** (there is an icon on my homepage for this link).

You will sign in to the Portal from home the same way you sign in to your computer at school. Once you sign in you will see icons for all the online programs you use at school, including GO Math!

If the link is not working, go to <https://www.dcssga.org/>

Click on *Resources*, then *Students*, then scroll down and you will see the link for [DCSS Portal/Single Sign On](#)
